I.T., BCA (Sci.) & B. Voc. Multimedia and Animation programmes. The objective of this programme was to introduce new learners to the college environment and get them acquainted with the institution culture. The induction programme comprised of Welcome ceremony, Guidance about programme, address on code of conduct for the students by honorable Principal - Prof. Ashok Tejankar. Report of "Deeksharambh" - Induction Programme 2021

Department of Biotechnology and Bioinformatics

1. Introduction:

The change in student's life from school to college is a new aspect in student's life. When students enter a new institution, they come with diverse thoughts, backgrounds, and preparations and get an opportunity for further education. Such students have little knowledge of life skills as well as aims and objectives of higher education. Thus an important task is to make the students aware of college life and provide them an insight into the higher education.

The purpose of Deeksharambh - "Student Induction Programme" is to help new students to adjust and feel comfortable in the new environment, inculcate in them the ethics and culture of the institution, help them to develop new bonding bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

Student Induction Programme engages the new students as soon as they come into the institution, before the start of regular classroom schedule.
