ONE DAY NAAC SPONSORED NATIONAL SEMINAR ON 'USE OF TECHNOLOGY AND E-CONTENT IN TEACHING AND LEARNING'

Organized by

Internal Quality Assurance Cell,

Deogiri College, Aurangabad

On 23rd Sept, 2019

1. Theme of the Seminar:

The seminar brought about deliberations on new perspectives in teaching-learning in connection with usage of technology and e-contents. It concentrated on effective usage of technology and preparation of e-content as they are inevitable in teaching and learning process nowadays. It also brought about systematic discussions and demonstrations too regarding the usage of different technologies like electronic and IT.

The seminar had also was intended to bring about actual demonstrations about preparing e-modules with all their specifications like video shooting, video mixing, designing of the oral and written content and overall set up of the recording facilities.

Active usage of Google Classroom and MOODLE was also one of the themes of the seminar as it has become an essential feature of today's learning process. The discussions were made about implementations of these activities at college campus. The seminar also had people from prominent colleges who implemented several activities under the second criterion i.e. teaching, learning and evaluation. They were invited to offer their insights on the novel ways in which the teaching and learning process can be enhanced with the use of information technology and their actual experiences regarding it.

4. The recommendations/suggestions/action points (Outcome of the Seminar)

The seminar and its theme proved a very helpful idea and tool to several teachers participating in the event. The teachers always wanted to have a clear idea about the topic selection for constructing online course modules, its launch, its video preparation, etc. Following are few of the recommendations made after the details discussions followed by each session.

- a. Each college to set a media centre where teachers can get technical assistance in order to prepare the modules and videos.
 - b. There is need to sensitize college people about UGC's scheme about such content development and financial support.
 - c. If not our own online course modules, the learners at the colleges can be encouraged to go for online course available on the platforms like SWAYAM, NPTEL, UGC, AICT, etc.
 - d. There is a need to organize special training sessions on preparation of such modules and videos.
 - e. The scheme by UGC I to be made more teacher-friendly in which teachers from colleges should not face more difficulty.
 - f. A course could be offered on how to prepare such modules on platforms like SWAYAM
5. Follow up actions, the institution proposes to undertake:
The college intends to take two level follow up action plan i.e. institution level and policy level.
- Institutional Level:
 - a. To promote teachers to go for preparation of modules for online course
 - b. To promote effective implementation of MOODLE at college level.
 - c. To encourage more students to register to the courses on NPTEL, etc.
 - d. To commence college level online course with video learning contents.
 - Policy level:
 - a. To inform the recommendations to the affiliating university.
 - b. To inform the recommendation to UGC/MHRD.
