Currently, I am successfully running my own Nursery and providing different plants to farmers in Marathwada region. My learning experience at e2de is helping me a lot in growing my business. The marketing strategies, efficient financial management, networking and other essential entrepreneurial practices learnt during the course are fetching me huge business.

***Shreedevi Varier,  
E4 Student***

I am looking forward to secure a respectable position in govt. sector. I am sure, I have to face one of the toughest screening processes. For the same, I have received great support from e2de. Today, I am confident enough to face interviews and represent myself effectively. During last few months under the guidance of the e2de trainer I worked on my communication skills, etiquette and public speaking skills.

***Pranav Pole,  
ED Student***

To date, my journey with e2de has helped me a lot to discover myself. Believe me, I enjoy learning new things every day in a different way. You hardly feel that you are sitting in a class and learning something. Learning is fun here. Currently, I am working as an influencer as well as a Social Media marketer for different companies.

# ***PARENT TESTIMONIALS***

## ***Mrs. Anuradha Pagare***

*I always dreamt of being a public speaker. But I never got such a platform during my college life. Thankfully, my son Aniket got an opportunity to develop his public speaking skills at e2de. Today, I see huge improvement in his day-to-day communication with different clients, customers, and the general public. He is confident enough to handle difficult situations elegantly with his effective public speaking skills. I must appreciate the e2de team and its encouragement towards student development.*

## ***Mr. Ramrao Deshpande***

*After completion of 10<sup>th</sup> from a small town, my daughter got admission for further education in Deogiri college. She was a kind of shy and introvert girl. Initially, she struggled badly to cope up with the surroundings. During her graduation, she was admitted to the course 'Entrepreneurship Development'. The course was a stepping stone in her career. Today, she is happily exploring the event management industry. Looking ahead for her own event management company in the upcoming years. Special thanks to e2de.*

## ***Mr. Arun Satarkar***

I am sure, his improved public speaking skills will enable him to face interviews and secure good position in the multinational companies.*
